GOA Disability Awareness Month "Just Say..." Campaign

WEEK #2 JUST SAY... "DISABILITY"

Avoid Euphemisms
The term 'disability' is considered polite and is generally preferred!

Needs are Human
Not special, even when we go to extraordinary lengths to meet such needs.

Use Preferred Terms
If someone says they have 'special needs,' then respect their preference.

It's Okay to Ask
If you're not sure which terms a person uses, asking shows you care!
