

Annunciation Cathedral

Tower Domes

It is time to complete the exterior appearance of the Cathedral to its original plan. That plan included tower domes on the top of each of the two front columns of the building.

The cost of each tower dome is \$35,000.00. We are fortunate to have a specific donation for the complete cost of one of the tower domes and we are seeking your assistance to cover the cost of the second tower dome to make the original plan a reality.

The Parish Council is seeking your assistance to complete this project. Your donation in any amount will be greatly appreciated. A \$500.00 contribution from only 70 parishioners to a \$1,000.00 contribution from just 35 parishioners will achieve this goal!

Thank you in advance for your support. Please contact any Parish Council for any additional information. The time frame for raising the funds for this project runs through October 31, 2022.
