

# Your Decisions Matter: Have You Had the Conversation?

Your Decisions Matter is a community initiative from SAGE Eldercare in Summit, NJ, funded by Atlantic Health System's Chilton and Overlook medical centers' Community Advisory Boards. Your Decisions Matter encourages all of us to talk about what matters in our individual health care, ideally before a medical crisis occurs. Facilitating and normalizing this difficult topic for families will lead to peace of mind, knowing that wishes will be followed, particularly at times when a patient is not able to advocate for themselves. During the webinar, we will hear different perspectives on why having this conversation is so important, as well as learn tips and tools for how to talk with loved ones about what matters to us. An interfaith round table will be open for Q&A after the main presentation.
