

TESTIMONIALS:

“ The Annunciation Day School is the best secret in DeKalb. Class sizes are truly small and the teachers are excellent! ”

ADS Parent

“ I can't say enough great things about this school. The low student-teacher ratio is a big plus, but more than that is the fact that the teachers truly care. They ensure every child is treated with respect and lives up to his or her full potential. ”

WHO WE ARE

Established in 2002, the Annunciation Day School is an accredited private school serving students in Preschool - 7th Grade. We are expanding to 8th grade in the Fall of 2017. The Annunciation Day School is known for its small class sizes, technology integration and focus on students' academic and social development within an Orthodox Christian Environment. The school is currently offering a STEAM integrated curriculum, project based opportunities for students and state of the art instructional technology. The goal at ADS is to ensure that our students receive a high quality education in an environment where they can actively participate in their education, build confidence, and acquire core skills allowing them to become expert problem solvers.
