to life like never before.

DOP Kronos Chapter 188 would like your support for our MS Walk Fundraiser. Even the smallest donation could help find a cure for this illness. Many women suffer from MS – Multiple sclerosis is a disease that impacts the brain, spinal cord and optic nerves, which make up the central nervous system and controls everything we do. Please help us fight this illness and help them get closer to a cure. We appreciate your support. Thank you in advance.
