

every day is earth day

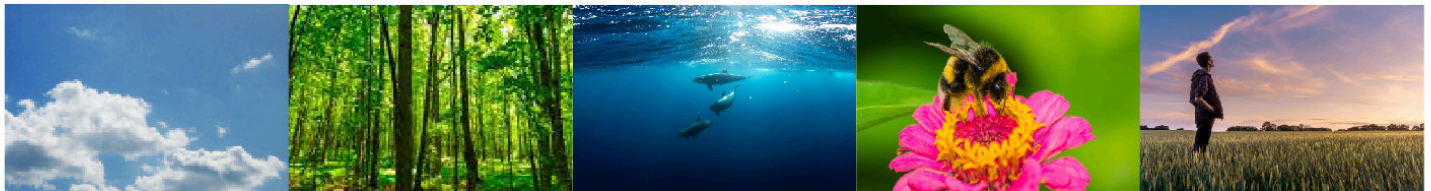

Join us on Sunday, April 14

for a special exhibit of everyday tips and techniques for greening your home, using less plastic, and reducing your carbon footprint. With hands-on demonstrations of sustainable products, recipes and meal prep for a happier planet; the kickoff of a sneaker recycling drive; a display of “recycled” high fashion; and special [giveaways](#) of fun products made of organic, reclaimed and recycled materials to help make [every day, earth day](#).

Immediately following church services on Sunday, April 14.

The [Every Day is Earth Day](#) Environmental Exhibit is hosted by
