

Caregiver Support Group

Are you a caregiver for someone living with dementia or Alzheimer's disease? As a caregiver, you give a lot of your time. Let AFA give you OUR time and join our new evening telephone support group. This new caregiver support group will provide an opportunity for you to speak, share, and gain tips and strategies to help with your daily caregiving responsibilities. Alzheimer's is progressive and this group can progress with you. This group will also provide a safe and confidential space to connect with others and learn.

AFA's free, telephone-based support group will meet for four weeks:

April 4 – April 25, 2016

Mondays 7:00-8:00 p.m. (EDT)

To register, please contact Lauren at lsnedeker@alzfdn.org

or call 866-232-8484.
