

Prayers for a Cause....

Dear St Nicholas Parish,

As you are aware we are going to begin restoration of the exterior and interior of our beautiful Cathedral. All the research has been done and now hopefully we can begin.

The exterior will be completely redone where necessary, and many changes made to protect it will be done. The estimate by our forensic architects for the exterior work is approx. 2 million dollars.

I am asking anyone interested in developing a financial plan to help pay for this would be greatly appreciated. If you are interested, please contact Denise at our Parish Office 727-937-3540 and I will get back to you. Meetings will begin after Epiphany. We need your ideas and guidance.

Sincerely and Thank You!

Nikitas Manias
Archon Deputatos
Parish Council President
