COMING AGAIN NEXT FALL!

From the beginning of the school year we have had the foresight and vision to embrace ways we can enhance our students' Greek education.

We are happy to announce that we will continue to integrate the e-learning platform **Greek 1-2-3** into our curriculum.

This comes with projectors and streaming devices in each classroom, and new Papaloizo's books, all ready for the upcoming 2023-2024 school year.
Our goal is to make our students' curriculum as interactive and a fun learning experience as possible.
