Father John Johns and the Ladies Philoptochos Society 'Nausica' invite their membership and the entire community to participate in this important discussion regarding the issues confronting the Ecumenical Patriarchate.

To ensure a smooth order, we ask all Parishioners to make their way down to the hall promptly after the end of the liturgy.

Following brief opening remarks by Philoptochos President Stella Fisfis, Dr. Limberakis will be introduced by Archon Peter Gouris and will begin his presentation promptly at noon. Out of respect for our speaker and the solemnity of the topic, we request that parishioners stay for the entire presentation.

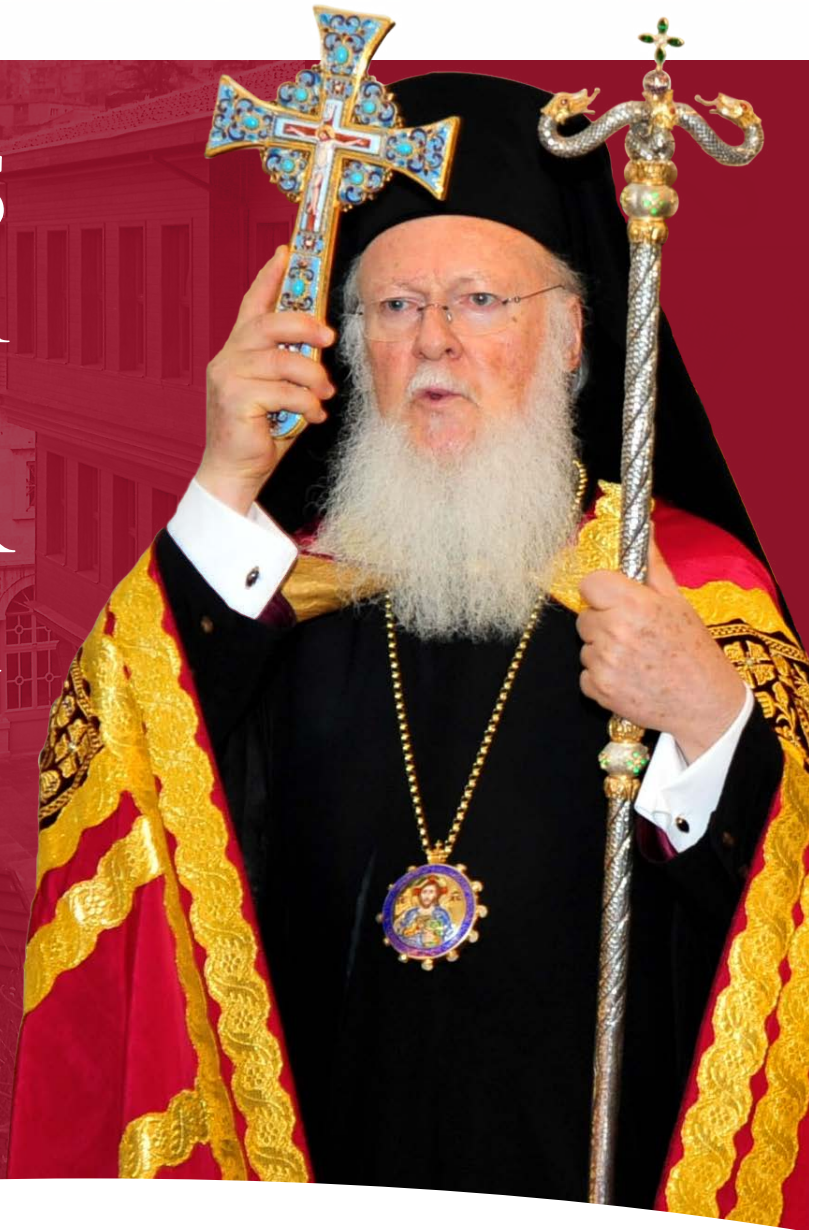

We look forward to everyone's participation in this informative presentation about our Mother Church in Constantinople.
