

Important Information about Fireworks at Pascha

The City of Tarpon Springs has agreed to allow St Nicholas Cathedral to light a limited number of firecrackers at midnight on Pascha. The Police Department and Fire Department will be here to ensure everyone's safety.

The Parish Council will appoint those responsible to work with the fire and police departments. The fireworks will be LIMITED ONLY to one location approved and supervised by the Parish Council, Police Department and Fire Department. NOBODY ELSE WILL BE ALLOWED to have or light fireworks. Anyone else found with fireworks, or attempting to light fireworks, will be subject to arrest by the City of Tarpon Springs.

If we desire to be allowed to continue our tradition of fireworks at Pascha in the future, it is important that we respect the decision of the City of Tarpon Springs.
