

Sunday School News!

- This Sunday, October 11th, Amanda Apostolou will be speaking to our students on the IOCC (International Orthodox Christian Charities) and we will be making [Hygiene Kits](#) for distribution. Each Sunday students will have an opportunity to make a donation in jars located in their Sunday School classroom to benefit this worthy cause.
- The Sunday School Staff and parents would like to thank the Transfiguration community for attending the opening day cookout this past Sunday. Thank you to the cooks, who did their very best, and we look forward to our new kitchen!
- Please remember that in addition to grades PreK-12, we have a “Little Lambs” program for ages 40 days to 3 years old. We are working on making that room more cozy for this age group, and with the help of parents, are adding more soft seating and age-appropriate toys.
- If you have not yet registered your child, the registration link is [here](#).
