

# GREEK CULTURE PROGRAM

LEARNING GREEK IN A FUN ENVIRONMENT

*Learning Greek is a fun and rewarding experience. Children are curious and full of enthusiasm at this age. The focus is not only an introduction to the language but also its rich culture. The classes will focus on relevant themes in your child's life such as greetings, making friends, family life, home, baking, and cooking Greek food and desserts. There will be an emphasis on Greek holidays, songs, nursery rhymes, and traditional dances will be introduced to our preschool community!*

*Our mission is to provide a program of academic and social excellence by encouraging imagination, curiosity, questioning, and experimentation. We create an atmosphere that fosters critical thinking while concurrently celebrating the uniqueness of each student and his/her collective gifts.*

## **Young Scholars Academy of Wyckoff Preschool**

**Director: Teri Limperopulos**

**Located at Saint Nicholas Greek Orthodox Church**

**467 Grandview Ave Wyckoff, New Jersey 07481**

**Phone Number: 201-294-3712**

**The mission of Young Scholars Academy of Wyckoff is to provide a program of academic and social excellence by encouraging imagination, curiosity, questioning, and experimentation. We create an atmosphere that fosters critical thinking, while concurrently celebrating the uniqueness of each student and his/her collective gifts.**

**In addition, it is critically important to foster the charitable impulses of young children so they realize they can make a difference. Our annual outreach activities include food, new coat and toy drives that help those in need. This narrative provides the child with a foundation of socially responsible gift giving and servant leadership. When you encourage a child to help others, you are helping to create a better world**

**Young Scholars Academy is a Reggio Emilia inspired school, whereby the parents, teachers and children are seen as true partners in the learning process.**

**We are proud to announce that Young Scholars Academy will be offering a Greek program for our students. Learning Greek is a fun and rewarding experience. Children are curious and full of enthusiasm so this is a perfect starting point to begin our journey together. The focus is not only an introduction to the language but also its rich culture. The classes will focus on relevant themes in your child's life such as greetings, making friends, family life, home, baking, cooking Greek food and desserts, celebrating holidays, Greek songs, rhymes and dances will be introduced to the class as well.**
