

Dear Parishioners:

The Parish Council has upgraded and repaired many different areas within our Church facilities and grounds. We have been fortunate to make significant improvements and reach new goals with all your help and donations.

For a long time, we have seen the deterioration of the pews within the Church. We made temporary repairs to prevent splitting and other damage from getting worse. In fact, some of our pews are over 60 years old and their age shows compared with the new flooring. The time has come to replace them and to make necessary improvements.

This information was shared at the October 27th meeting of the General Assembly when it authorized the Parish Council to solicit private donations for new cushioned pews and cushioned kneelers. The cost per pew is \$3,000.00 and we need a total of 38 pews. The new pews are made of solid wood sides, with Byzantine Crosses, wood backs and wood veneers with 2-inch cushions, book racks and cushioned kneelers.

If we are able to achieve our goal not only will the pews aesthetically enhance our Church, but they will offer a comfortable way to enjoy our services.

It is a big project, but our Parish has risen to the occasion each time to reach what appear to be insurmountable goals. We believe we can do this.

If you are able to donate a pew, then please sign this form, at the bottom, and return it to the Church office. Once completed a board of donors will recognize those who contributed to this project.

Thank you for supporting our Church,

Parish Council
