

### **Main Gate Activation**

**Please note as of Sunday, September 1**, the main entrance gate to the church property will be closed and locked. On Sunday mornings, the gate will remain open during services, and until all cars have exited.

For all other days of the week (Monday – Saturday), a code will need to be entered on the keypad to open the gate. The gate will remain open for 40 seconds, and then close. To exit, approach the gate slowly, and the gate will open automatically.

Before leaving to go the church, please call the church office for the gate code. If you do not have the gate code upon arriving at the front gate, please see the sign with phone numbers for the church office (10am – 2pm) or the Day Care (7am – 5pm), and someone will be able to open the gate.

Again, to exit, approach the gate slowly, and it will open automatically.
